

FABIO MOTTA

TUSCANY

This is the story of one man's dream come true, Fabio Motta, who founded the winery in 2009 with the acquisition of 4 hectares of vines planted in 1997 within the Bolgheri DOC.

His encounter with a fascinating and complex land, home to some of the most prestigious Italian wines: Bolgheri, which led to a meeting with Michele Satta, one of the most brilliant and unconventional winemakers in this region and an encounter with his daughter Benedetta, whom she married and with whom she has 4 children.

After years of work under the guidance of mentor Michele Satta, in 2009 Fabio Motta bought a 15-year-old vineyard, in an excellent position at the foot of the hills with excellent soil registered with the Bolgheri DOC. Fabio Motta founded his company on a viticulture attentive to the balance between the vegetative part of the plant, the fruit and the soil water content. Since 2015, Fabio has also started converting to biodynamic viticulture.

In the cellar Fabio works in a simple way, with small volume fermentations, use of natural yeasts and without filtering the wines, in search of elegance and complexity rather than power and extraction, enhancing the cleanliness of the fruit and a marked freshness.
